

Computer Systems Technology (CST) Bachelor of Technology (BTECH)

计算机系统技术本科（计算机系统技术以下简称 CST）

Note that the English requirement for CST BTEch and Diploma is higher than Mechanical program, and requires English Grade 12 C+.

请注意 BCIT 的 CST 两年制专科文凭和技术学士学位本科文凭的英语要求是 12 级 C+, 比机械专业的高

Secondly, similar to the Mechanical program, COMM1116 or its equivalent is the prerequisite for COMM2216 and other CST degree courses (for example, 6 credits of BCIT Communication is required before taking Liberal Studies-LIBS7001-Critical Reading and Writing Skills). However, once affiliate students meet the English Grade 12 C+, they will be accepted to the full time CST degree program with a block credit transfer, except COMM1116 and COMM2216.

其次，与机械专业相似，COMM1116 课程或其等同课程是学习 COMM2216 及其他 CST 技术学士学位课程的先行课程，（例如，学习 LIBS7001 –评论性阅读与写作之前要求有 6 个学分的 BCIT 英语表达课程）。然而，一旦合作项目学生满足英语 12 级 C+, 他们将会被接受到 BCIT 全日制 CST 技术学士学位学习，除了 COMM1116 and COMM2216 两门课外，其他课程的学分均可转入 CST 本科专业。

Mechanical Engineering Technology – Diploma & Degree

机械工程技术-专科和本科

The following is the general policy for affiliate students graduated from Mechanical Engineering Technology Diploma program, who wish to advance their study at BCIT. This policy will apply to graduates from Shenyang Institute of Engineering (SIE), Chieng Shiung Institute of Technology (CSIT) and Wenzhou Vocational & Technical College (WZVTC), where Diplomas in Mechanical Engineering Technology both in System Option and Design Option are offered.

以下是一些针对机械工程技术文凭课程毕业的合作项目学生想去加拿大继续学习的基本政策。这些政策适用于沈阳工程学院，健雄职业技术学院和温州职业技术学院毕业的机械工程技术文凭的系统选项和设计选项的学生。

Policy on Affiliate Graduates Wishing to Study at BCIT Canada.

对于意愿去 BCIT 加拿大继续学习的合作项目学生的政策如下。

1. Study toward Diploma of Mechanical Engineering Technology (Mechanical Systems Option).

学习机械工程技术文凭机械系统选项

The entrance requirement for this diploma include: (see link:

<http://www.bcit.ca/study/programs/635cdiplt#entry>).

- English 12 (<http://www.bcit.ca/files/pdf/englishrequirements.pdf>)
Equivalence: IELTS score: overall 5.5, speaking, reading and listening each 5.5, writing needs 6.0
or through ISEP (BCIT's English Program) ISEP Level 5: need 60% minimum in each course (speaking, reading, listening and writing)
- Math 12 and Physics 11(Affiliate students meet this requirement).

此文凭的入学要求包括：（见 <http://www.bcit.ca/study/programs/635cdiplt#entry>）

- 英语 12 级 (<http://www.bcit.ca/files/pdf/englishrequirements.pdf>) 等同于雅思均分 5.5: 其中各项最低要求为口语, 阅读和听力 5.5 分, 写作 6.0 或者 ISEP (BCIT 国际学生入学英语课程) 第 5 级: 听说读写每项不低于 60%
- 数学 12 级和物理 11 级 (合作项目学生满足此要求)

2. Affiliate graduates from International diploma through affiliate schools in China will be qualified for a block-credit transfer towards the first year (level 1 and 2) of BCIT Diploma of Mechanical Engineering Technology, except COMM1169 (Technical Communication 1 for Mechanical Engineering). See link:

<http://www.bcit.ca/files/pdf/englishrequirements.pdf>

除了 COMM1169(机械工程技术英语表达 1) 课程之外, 中国国际文凭合作项目的学生可以转机械工程技术文凭第一年全部课程的学分, , 详见

<http://www.bcit.ca/files/pdf/englishrequirements.pdf>。

Affiliate graduates who are granted the first year block transfer credit, and are accepted into the program, must complete COMM 1169 or its equivalent before they can take COMM 2269 and MSYS 4490, System Projects.

被接受到 BCIT 机械工程技术文凭学习的学生, 必须在修 COMM2269 和 MSYS4490 系统工程课程之前完成 COMM1169 或等同的课程。

3. Once students meet the above requirements, they will be qualified for direct entry to the level three of BCIT Diploma of Mechanical Engineering Technology (Mechanical Systems Options), which is a full time two-year program (four levels)

一旦学生满足以上要求，他们将可以直接进入两年（四个级别）全日制机械工程技术（机械系统方向）文凭的第三级学习。

4. Once students successfully complete all courses requirements and are awarded with a BCIT Diploma of Mechanical Engineering Technology, they can continue pursuing Bachelor of Technology in Manufacturing through part-time study (<http://www.bcit.ca/study/programs/8600btech#entry>)

如果学生成功完成所有课程要求并且获得 BCIT 机械工程技术文凭，他们可以继续进行非全日制的制造技术学士学位学习。

5. Tuition fees for Diploma programs for international students (<http://www.bcit.ca/files/pdf/admission/09-10-technology-tuition-intl.pdf>)

国际学生文凭课程的学费见

- full time study: CAD7948.64 per term or CAD15897.48 per year (September and January term)

全日制学习：每学期 7948.64 加元或每年 15897.48 加元（9 月和 1 月入学）

- part time study; pay 2.2 times the tuition fee, plus other fees (building, student activities, etc). For example, if tuition for a course is CAD499, the tuition for international student will be CAD1097.80, plus other fees.

非全日制学习：支付 2.2 倍的学费加其他费用（建设费，学生活动费等）例如，如果一门课程的学费是 499 加元，国际学生的学费为 1097.80 加元另加其他费用。

6. An affiliate student does not pay an application fee. However, the student is required to accept the offer by paying a non-refundable commitment fee of \$1000 to secure the seat in the program.

合作项目学生不需要支付申请费。但是，为了保证有座位，学生需要支付 1000 加元留位费，该留位费只在被使馆拒签的情况下才能够被退回，如因其他原因而取消前往 BCIT，该费用一律不退。
